Insect bites and stings

The number of people seeking advice on bites and stings from the NHS website is three times higher than last summer.

Most bites and stings can be treated at home without a GP. The NHS have a handy online guide for you to use: <https://www.nhs.uk/conditions/insect-bites-and-stings/>

If you have a history of allergic reactions, your symptoms are not improving, or are experiencing sickness, please contact your GP or call 111 for advice.

Rise in measles cases

This year there has been a big rise in cases of measles in England. Between 1 January and 20 April, there have been 49 cases of measles compared to 54 cases in 2022.

To ensure the best protection for our local population, we are asking parents and guardians to make sure children in their care are up to date with their two MMR doses. Please call the practice or speak to reception to book in your child for their jabs.

Beat the heat

Plan ahead

- Check the weather forecast and the news
- Plan ahead to avoid the heat
- Schedule activities to cooler times of the day

Keep yourself cool

- Drink plenty of fluids and avoid excess alcohol
- Wear sunscreen, a hat, and sunglasses
- Cool your skin with water and slow down

Find somewhere cool

- Close blinds and curtains during the day
- Go indoors or outdoors, whichever feels cooler
- Avoid closed spaces like stationary cars

Be safe

- Be on the lookout for signs of heat related illness
- Look after yourself and check in with others
- Stay safe when swimming
- Get help. Call NHS 111 or in an emergency 999

Beat the Heat

With the summer holidays upon us, many people will be taking holidays abroad or in UK.

Popular destinations in Europe such as France, Spain, and Italy are currently experiencing extreme heatwaves.

When you are in hot weather, it's important to take care in the sun to avoid heat exhaustion and heatstroke.

Who will I see?

General practice is made up of more than just GPs. There are range of healthcare professionals employed to help provide you with the best service possible.

Speak to reception to find out more about the different roles at the practice.

Who will I see when visiting my GP practice?

When you book an appointment at your practice, you may be offered an appointment with someone other than a GP. This helps the practice to make sure you get seen by the right person to meet your needs, at the right time.

Some of the new roles you may see in practice are:

Speak to your practice team to find out which additional healthcare professionals are available in your practice.

SELF CARE

Treat aches and pains, coughs and colds at home – stock up on medicines.

PHARMACY

Visit your local pharmacy for minor injuries, allergies, constipation, headaches, cold and flu symptoms and earache.

YOUR GP PRACTICE

GP practices are open. Talk to your GP, nurse or other healthcare professionals about symptoms that aren't going away. They can offer telephone, online or face-to-face appointments depending on what your health concern is.

NHS 111

Think NHS 111, if you need help fast but it's not an emergency think NHS 111. Open 24/7. Call 111 or visit [111.nhs.uk](https://www.nhs.uk).

URGENT TREATMENT CENTRE

You can visit your local Urgent Treatment Centre for sprains, fractures, minor burns and skin infections.

DENTAL TREATMENT

For urgent dental care please call your local NHS dental practice. For urgent care, advice out-of-hours, call NHS 111.
